Sprint 4 Report

Project: SLUG GRUB
Team: Jason (P.O.), Riley(S.M.), Jacky(S.M.), Karthik, Jerry, Erik
Date: 11/30/25

Actions to Stop Doing:
- Stop going over meeting lengths

Actions to Start Doing:
- Future sprints can implement the backlog

Actions to Keep Doing:
- Ordering of product backlog, ensuring order is correct according to user story

Work Completed/Not Completed:
- Completed: Implementing favorites page
- Completed: Implementing choosing a date that is not the current day and seeing the menu
- Completed: Having a sticky sidebar for filters
- Completed: Adding a footer with quick links and external references
- Completed: Ratings only show when there is more than 0 ratings for that item
- Completed: Allergen and filters use icons rather than hard to read codes
- Completed: Macros are easier to read in a more organized manner
- Completed: Implementing ability to see future menus

Work Completion Rate:
- User Story Completion rate: (3/3) 100%
- Total Estimated Work Hours Completed: 12 hours
- Days Used for Sprint 3: 2 weeks
  - 12 hours / 14 days = ~ 0.8 hours per day

Sprint 4 Final Burnup Chart:

Story Points Completed and Maximum Story Points

— Story Points Completed   — Maximum Story Points
